

# RBD Instruments Expands Distribution Network in UK and Europe

*Partners with Dylan James Scientific and launches new European website to strengthen regional support*

BEND, OR, UNITED STATES, January 7, 2026 /EINPresswire.com/ -- [RBD Instruments Inc.](#) has formed a new distribution partnership with [Dylan James Scientific](#) to expand access to its scientific instrumentation and technical support across the United Kingdom and Europe.

“We’re pleased to partner with Dylan James Scientific, whose technical expertise aligns with the advanced instrumentation we provide to researchers worldwide,” said Randy Dellwo, president and CEO of RBD Instruments. “This agreement—supported by a new regional website at [rbdinstruments.eu](#)—will enhance our presence and improve accessibility for customers throughout Europe.”

Katy Hall, Marketing Director at Dylan James Scientific, added: “We’re excited to work with RBD Instruments to place their products in more laboratories across the UK and Europe. RBD’s commitment to innovation and long-term customer support mirrors our own values. Together, and with the launch of our new European website, we can offer customers local expertise, faster response times, and a smoother experience from enquiry to installation.”

RBD Instruments’ core product lines include:

- Water vapor desorption bake-out systems
- Low DC current measurement and graphing solutions
- Auger electron spectrometer components and upgrades
- Sputter ion source
